

Colorado and Sheridan Boulevards intersection safety improvements project begins mid-May

Project anticipated to last through February 2022

PROJECT OVERVIEW

In mid-May, the Colorado Department of Transportation and contractor Lumin8 will begin an intersection safety improvements project along Colorado and Sheridan Boulevards in Denver. The project will improve traffic flow and safety for motorists and pedestrians at 12 different intersections (see below for intersection details). The project includes bringing curb ramps to Americans with Disabilities (ADA) compliance, modernizing traffic signals, and installing raised medians at select locations.

PROJECT SCHEDULE

Work is scheduled to begin in mid-May and continue through February 2022. However, these operations are weather and temperature dependent, and this schedule could change.

TRAVEL IMPACTS

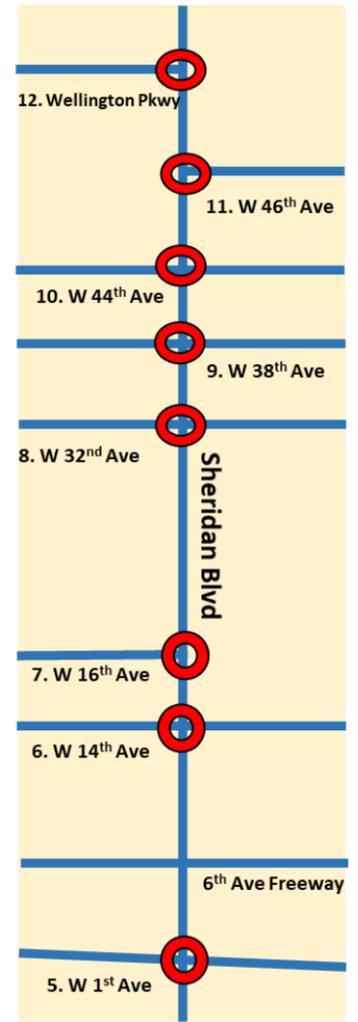

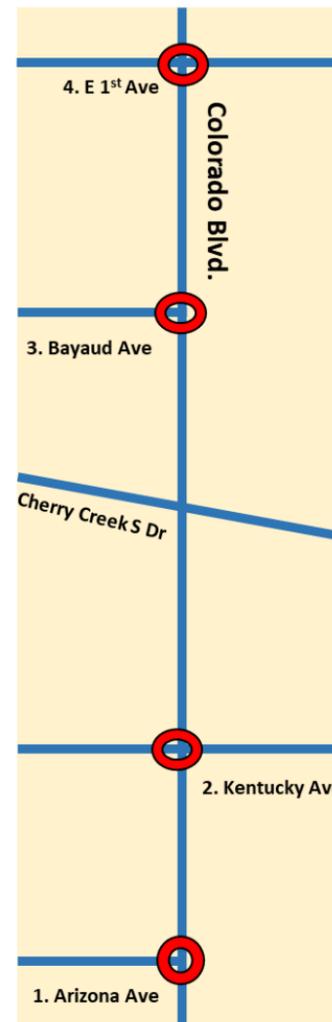

- Various single lane closures will be in effect from 8:30 a.m. - 3:30 p.m. Mondays through Thursdays, and 8:30 a.m. - 2:00 p.m. on Fridays.
- Occasional night and weekend work is possible. Please visit the project website for weekly schedule information.
- Sidewalks may be temporarily closed during construction. Pedestrian detours will be in place.
- Please drive safely through the work zone when crews are present.

PROJECT BENEFITS

- Upgrading traffic signals will improve the traveling experience for motorists and pedestrians
- Bringing curb ramps to ADA compliance will increase safety for pedestrians
- Raised medians help to decrease the rate and severity of car crashes and reduce vehicle speeds

PROJECT LOCATIONS

1. Colorado Blvd & Arizona Ave: Raised median installation
2. Colorado Blvd & Kentucky Ave: Raised median installation
3. Colorado Blvd & Bayaud Ave: Traffic signal improvements, ADA ramps
4. Colorado Blvd & 1st Ave: Raised median installation, traffic signal improvements
